

Speaker Introduction

Note to EmCee's

Thanks in advance for the honour of introducing me! I would really appreciate if you could familiarise yourself with the intro below before the day and speak with passion when introducing.

EmCee's Introduction

Shane Quinnell is a passionate change maker who believes we are all capable of making the world a better place. Having nearly died in an extreme sport accident at 24, he lives by the motto "each day is a gift not a given," and firmly believes we all have the power to shape our own futures.

He has strived to create positive change through multiple personalities, as an engineer, renewable energy developer, sponsored explorer and now as a speaker. Multiple articles and photos of his exploits have been published.

Through Glide to Soar Shane aims to share invaluable insights about reaching success which he learnt by falling from the sky. His vision is to inspire others to live their dreams, experience and protect the wonderful world he has been fortunate to explore.

Please welcome Shane!!
