"Having worked closely with you over the past year, I can attest to your statement in the post, **you do try each day to be the change you want to see in the world.** It is infectious and I feel lucky to have had the chance to work closely with you. Keep it up!"

Chris Gavin, Someva Renewables

I had the privilege of being on the Gold Coast when Shane presented at the global Speakers Tribe Conference. **Glide to Soar a truly remarkable presentation. There was so many takeaways for the audience.** The number one message that resonated with me was that every day is a gift. **The way that Shane's shared that message, along with his inspirational story had a massive impact on me.** I think if more people live life understanding every day is a gift they will be a lot happier and as a result have a much bigger positive impact on the people around them.
